Respond by: 1000 CST / 25 March 2013

NAICS: 511210

FSC: 7030

The Government intends to award a contract to BAE Systems, 8201 Greensboro Dr, Suite 1200, McLean, VA 22102-3846. The Mission and Installation Contracting Command, Installation Contracting Office, located at Fort Campbell, Kentucky, has a requirement for additional SOCET GXP GeoAnalysis licenses (to include upgrade entitlement). (See attached Sole Source J&A). The procurement will be conducted on a sole source basis in accordance with the statutory authority of 10 U.S.C. 2304(c)(1) as implemented by FAR 6.302-1, "Only One Responsible Source and No Other Supplies or Services Will Satisfy Agency Requirements," and FAR 13.106-1(b)(1). The NAICS code for this procurement is 511210 and the small business size standard is \$35.5M. This sole source requirement will be procured under Simplified Acquisition Procedures using Other Than Full and Open Competition, and awarded on a sole source basis. THIS NOTICE IS NOT A REQUEST FOR COMPETITIVE OFFERS and a solicitation will not be issued; however, any firm that believes it can meet the requirements may give written notification to the Contracting Officer within 5 business days from the date of the publication of this synopsis. Supporting evidence must be furnished in sufficient detail to demonstrate the ability to comply with the requirements listed. Responses received will be evaluated; however, a determination by the Government not to compete the proposed procurement based upon responses to this notice is solely within the discretion of the Government. If no responses are received, the Government will proceed with establishing a contract award to BAE Systems, 8201 Greensboro Dr, Suite 1200, McLean, VA 22102-3846. Responses are due by 1000 CST / 25 March 2013. Responses shall be submitted via e-mail to bradford.a.davis.civ@mail.mil, or faxed responses will be accepted at 270.798.7548. Telephone requests or inquires will not be accepted. The point of contact for this notice is Mr Brad Davis, 270.798.7200.

**JUSTIFICATION AND APPROVAL
FOR OTHER THAN FULL AND OPEN COMPETITION
(Actions under \$150K for Simplified Acquisition Procedures)**

1. Agency/Contracting Activity: Mission and Installation Contracting Command – Installation Contracting Office, Fort Campbell, KY

2. Description of Action:

Nature: ☒ New Requirement ☐ Follow-on Requirement
☐ Mod to Existing Purchase Order/Contract Number _____

Pricing: ☒ Firm-Fixed Price ☐ Time & Materials ☐ Cost

Funds: ☒ OMA ☐ Other Funds: _____

Name of Proposed Contractor(s): **BAE Systems**
 Street Address: **8201 Greensboro Dr STE 1200**
 City, State, Zip: **McLean, VA 22102-3846**
 Phone: **703.387.4991**

3. Description of Services or Supplies:

The 101st ABN DIV (AIR ASSAULT) G2 Imagery Intelligence (IMINT) staff presently utilizes BAE Systems' SOCET GXP software to support Division Staff and subordinate units. This software allows the IMINT section to produce imagery intelligence for the CG and staff during exercises and operations. The G2 staff is in need of an additional license of SOCET GXP software. The procurement of this additional license will equip 100% of the IMINT hardware systems; allowing IMINT to operate full capacity in their reachback role supporting Operation Enduring Freedom (OEF).

4. Authority:

FAR 13.106-1(b)(1): For purchases not exceeding the simplified acquisition threshold (SAT), contracting officers may solicit from one source if the contracting officer determines that the circumstances of the contract action deem only one source reasonably available (e.g. urgency, exclusive licensing agreements, brand name, or industrial mobilization).

5. Reasons for Authority Cited:

BAE Systems is the sole source provider of the required SOCET GXP GeoAnalysis licenses. The transition to any other vendor offering similar software would not be in the Government's best interest. There would be additional expenditures and time required to train personnel. Additional money would also be needed to acquire all licenses needed to outfit 100% of IMINT systems. Additionally, the SOCET GXP software is presently the only software that holds a Certificate of Networthiness for the type required.

6. Actions to Increase Competition:

In accordance with FAR 5.202, a Sole Source Justification, advertising the Government's intent to make award directly to BAE Systems, will be posted on the local MICC-Fort Campbell website

7. Market Research:

- Agency inventories and Excess from Agencies were not available to meet this requirement (FAR 8.1). Further, UNICOR does not carry these types of items (FAR 8.6)
- This software is not available on the Procurement List maintained by the Committee for Purchase From People Who Are Blind or Severely Disabled (FAR 8.7).
- While BAE Systems does offer licenses for GXP GeoAnalysis through their GSA Schedule GS-35F-0045K, they are listed as "Starter Kits" for customers that do not already have the software.
- A simplified web search was conducted to determine if there were other potential sources for the additional licenses required. However, no other sources can be located. A letter supplied by BAE Systems additionally confirms that they remain the sole source provider of their software for the United States.

8. Procurement History:

Previous Purchase Order(s) or Contract(s): ☒ Yes ☐ No

Purchase order or contract number: W91248-06-M-0122

W91248-05-F-5420

Was action competed? ☐ Yes ☒ No

If action was not competed, state the cited authority, summarize rationale, and describe the actions that were supposed to be taken to increase competition and the results thereof:

FAR 13.106-1(b)(1) was utilized to support purchase directly from BAE Systems on previous orders. BAE Systems was previously, and remains, the sole source provider of the SOCET GXP software for the United States.

9. Additional Information to support the justification. N/A

10. Technical / Requirements Certification: I certify that the supporting data under my cognizance which is included in this limited sources justification is accurate and complete to the best of my knowledge and belief.

11. Fair and Reasonable Price Determination: As contracting officer, I hereby determine that the anticipated cost to the Government for this contract action will be fair and reasonable.

It is anticipated that pricing to the Government will be fair and reasonable based on a comparison to previous orders issued for identical software, as well as a comparison to pricing offered for this product in the commercial market.
